

# Emergency Support Function (ESF) # 1

## Transportation

### Attachment 1A Evacuation

#### *Preface*

During emergencies the disruption of normal transportation services is likely. Roadway, rail, maritime and air and pipeline infrastructure and the vehicles that use them can be impaired, damaged or destroyed. Coordinating the restoration of transportation infrastructure and resources is vital to emergency response.

#### Primary Agency

**Milwaukee County Department of Transportation (MCDOT) and  
Local Municipal Department of Public Works**

Milwaukee County, Wisconsin  
**Emergency Support Function (ESF) # 1 – Transportation**

**Milwaukee County**

**AGENCIES:**

**Primary**

Milwaukee County Department of Transportation (MCDOT) and Local Municipal Department of Public Works

**Support**

Airport, Airfields (Commercial, Private)

Ambulance Services, Public and Private

Commercial and Private Sector Transportation Companies

Community Based Organizations

Correctional Facilities

Emergency Services Maritime Vessels

Fire Departments

Law Enforcement Agencies

Milwaukee County Department of Administrative Services – Facilities Management

Milwaukee County Department of Transportation (MCDOT)

Milwaukee County Parks

Public Works (Municipal)

School Districts

**State of Wisconsin**

**Primary**

- WI DOT – WI Department of Transportation

**Support**

- WI DMA – WI Department of Military Affairs
- WI DOA – WI Department of Administration

**Federal**

**Primary**

- Department of Transportation

**Support**

- Department of Agriculture
- Department of Commerce
- Department of Defense
- Department of Energy
- Department of Homeland Security
- Department of the Interior
- Department of Justice
- Department of State
- General Services Administration
- U.S. Postal Service

**Likely Support Includes:**

- Monitor and report status of and damage to the transportation system and infrastructure.
- Identify temporary alternative transportation solutions when systems or infrastructure are damaged, unavailable, or overwhelmed.
- Perform activities conducted under the direct authority of DOT elements as these relate to aviation, maritime, surface, railroad, and pipeline transportation.
- Coordinate the restoration and recovery of the transportation systems and infrastructure.
- Coordinate and support prevention, preparedness, response, recovery, and mitigation activities among transportation stakeholders within the authorities and resource limitations of ESF # 1 agencies.
- NOTE: ESF # 1 is not responsible for movement of goods, equipment, animals, or people.

Emergency Support Function (ESF) # 1

## Transportation

**PURPOSE.**

1. The purpose of Emergency Support Function # 1 is to provide, in a coordinated manner, the resources (human, technical, equipment, facility, materials and supplies) of participating agencies to support emergency transportation needs and service restoration activities during emergency or disaster situations.
2. Enables agencies, and emergency support functions requiring use of the transportation systems to perform their missions following an emergency. In the context of this plan, transportation refers to the resources and assets necessary to move goods and people.

**POLICIES.**

1. All transportation resources will be utilized on a priority basis to protect lives, property and environment.
2. Transportation planning will be directed toward satisfying the needs of responding agencies requiring transportation routes to perform their assigned emergency missions.
3. Transportation planning will include the utilization of available primary and support agency capabilities.
4. In a major emergency, the relaxation of certain restrictions (waive weight, height, and load requirements for vehicles transporting critical items) is essential to allow rescue and relief equipment into affected areas.

### PRIMARY DEPARTMENT RESPONSIBILITIES/TASKS BY PHASE

#### MILWAUKEE COUNTY DEPARTMENT OF TRANSPORTATION (MCDOT) AND LOCAL MUNICIPAL DEPARTMENT OF PUBLIC WORKS

<b>Pre-Emergency</b>	Work with the Division of Emergency Management to: <ol style="list-style-type: none"><li>1. Maintain this Emergency Support Function (ESF).</li><li>2. Identify and prioritize critical transportation infrastructure.</li><li>3. Develop inventory and sources of transportation resources, staffing resources and equipment to include supplies and maintenance.</li><li>4. Secure contracts for emergency supply of combustible fuel, from outside of the immediate area, for use in vehicles.</li><li>5. Develop emergency action checklists and Standard Operating Procedures (SOPs).</li></ol>
<b>Emergency</b>	<ol style="list-style-type: none"><li>1. When requested report to the EOC.</li></ol>

## 1A – Evacuation

### *Preface*

ESF is based on an emergency and/or incident that requires all or part of the county population to be re-located away from the threat. The magnitude and location of the event will dictate the establishment of evacuation routes.

### Primary Agency

**Milwaukee County Office of the Sheriff –  
Division of Emergency Management**

Milwaukee County, Wisconsin  
**Emergency Support Functions Attachment 1A Evacuation**

**Milwaukee County**

**AGENCIES:**

**Primary**

**Milwaukee County Office of the Sheriff – Division of Emergency Management**

**Support**

**American Red Cross**

**ARES/RACES**

**Bus Companies**

**Chief Elected Officials**

**Correctional Facilities**

**Fire Departments**

**Law Enforcement Agencies**

**Media: Broadcast & Print**

**Milwaukee County Corporation Counsel**

**Milwaukee County Departments, All**

**Milwaukee County Department of Administrative Services – Facilities Management**

**Milwaukee County Department of Health & Human Services**

**Milwaukee County Department of Transportation (MCDOT)**

**Milwaukee County Emergency Medical Service**

**Milwaukee County Executive**

**Milwaukee County Public Information Officer – County Executive and Office of the Sheriff**

**Municipalities**

**NGOs**

**Specialists (as the situation requires)**

**Utilities**

**Utilities, Private**

**State of Wisconsin**

**Note**

State support to this ESF may be available in coordination with the State Emergency Operations Center (EOC).

**Federal**

**Likely Support Includes:**

- Monitor and report status of and damage to the transportation system and infrastructure.
- Identify temporary alternative transportation solutions when systems or infrastructure are damaged, unavailable, or overwhelmed.

Emergency Support Function (ESF) # 1A

## Evacuation

**A. PURPOSE.**

1. To provide for the evacuation of part or all of the population from any threatened or stricken disaster area within Milwaukee County to locations providing safety and shelter and to provide guidance for in-place sheltering when evacuation is not feasible.

**B. POLICIES.**

1. Evacuation.
  - a. Citizens are advised to follow evacuation orders. Those who do not wish to comply are encouraged to provide “next-of-kin” information.
  - b. Consideration will be given to access and functional needs populations during the evacuation process.
  - c. “Shelter-in-Place” is the preferred option whenever possible.

### PRIMARY DEPARTMENT RESPONSIBILITIES/TASKS BY PHASE

#### OFFICE OF THE SHERIFF – DIVISION OF EMERGENCY MANAGEMENT

<b>Pre-Emergency</b>	The Division of Emergency Management works with partner agencies to: <ol style="list-style-type: none"><li>1. Maintain this Emergency Support Function (ESF).</li><li>2. Participate in drills, exercises.</li><li>3. Develop emergency action checklists.</li><li>4. Identify and sign evacuation routes within Milwaukee County.</li><li>5. Conduct public education about evacuation procedures.</li><li>6. Develop and maintain procedures and SOP’s for implementing evacuation operations, including evacuation routing.</li></ol>
<b>Emergency</b>	<ol style="list-style-type: none"><li>1. Coordinate the implementation of locally ordered evacuations. Use developed SOP’s for response and:</li><li>2. Initiate evacuation orders when necessary.<ol style="list-style-type: none"><li>a. Identify areas potentially in need of evacuation (i.e. flood plains, areas near hazardous materials, etc.).</li><li>b. Identify evacuation routes and provide signage as needed.</li><li>c. Identify required transportation resources.</li></ol></li></ol>

**PRIMARY DEPARTMENT RESPONSIBILITIES/TASKS BY PHASE****OFFICE OF THE SHERIFF – DIVISION OF EMERGENCY MANAGEMENT**

	<ul style="list-style-type: none"> <li>d. Establish traffic and perimeter control as requested.</li> <li>e. Ensure public information activities.</li> <li>f. Ensure security for evacuated areas.</li> <li>g. Designate reception areas if necessary.</li> <li>h. Determine transport needs for access and functional needs populations.</li> <li>i. Develop and disseminate evacuation instructions.</li> </ul> <p>4. Shelter In-Place (Hazardous Material Incidents).</p> <ul style="list-style-type: none"> <li>a. Safe and quick evacuations may not be possible due to time, weather, and other factors. An option to evacuation is “shelter in place,” e.g. notifying occupants of buildings, facilities, homes, to seek protection indoors and stay inside until notified that it is safe to exit.</li> <li>b. When people cannot evacuate before a hazardous material plume arrives, public officials must advise them to stay indoors and reduce the ventilation from outside air as much as possible.</li> <li>c. For in-place sheltering to be effective, the decision-making authority must be clearly defined, warning to the public must be timely, and the sheltered population must know how to reduce shelter ventilation rates.</li> </ul>
<b>Emergency Operations Center (EOC)</b>	<ul style="list-style-type: none"> <li>1. Staff the ESF # 1A position in the EOC.</li> <li>2. Serve as the Milwaukee County point of contact for municipal, county and state ordered evacuation efforts.</li> <li>3. Initiate evacuation orders when necessary.</li> <li>4. Coordinate the implementation of locally ordered evacuations, actions include: <ul style="list-style-type: none"> <li>a. Identify areas potentially in need of evacuation (i.e. flood plains, areas near hazardous materials, etc.).</li> <li>b. Identify required transportation resources.</li> <li>c. Establish traffic and perimeter control as requested.</li> <li>d. Ensure public information activities.</li> <li>e. Ensure security for evacuated areas.</li> <li>f. Designate reception areas if necessary.</li> </ul> </li> <li>5. Plan for recovery to include: <ul style="list-style-type: none"> <li>a. Initiate return, when possible.</li> <li>b. Control traffic.</li> <li>c. Conduct public information activities.</li> <li>d. Establish FEMA Disaster Recovery Center sites, if appropriate.</li> </ul> </li> <li>6. In coordination with the Fire and Police Departments, develop evacuation plans for incidents at hazardous materials sites, as well as other specialized facilities/events. (See Attachment “Evacuation Planning Factors.”)</li> <li>7. Coordinate evacuation operations with Law Enforcement Agencies, Public Works, and Mass Care.</li> <li>8. Monitor evacuation process with field operations</li> </ul>

PRIMARY DEPARTMENT RESPONSIBILITIES/TASKS BY PHASE	
OFFICE OF THE SHERIFF – DIVISION OF EMERGENCY MANAGEMENT	
	<b>Plan For Re-Entry Operations. Plans for re-entry to include:</b> <ol style="list-style-type: none"> <li>1. Notices rescinding evacuation orders</li> <li>2. Instructions for re-entry for distribution.</li> <li>3. Process for re-entry.</li> <li>4. Traffic control</li> <li>5. Public information activities.</li> <li>6. Certify evacuated area(s) safe for re-entry.</li> </ol>
<b>Recovery Actions</b>	<b>Re-Entry:</b> <ol style="list-style-type: none"> <li>1. Develop and disseminate instructions for re-entry.</li> <li>2. Certify the evacuated area safe for re-entry.</li> <li>3. Coordinate re-entry-return with Public Works, Law Enforcement Agencies, and all other appropriate agencies.</li> <li>4. Initiate return, where possible.</li> <li>5. Conduct public information activities.</li> <li>6. Assist other agencies with recovery operations, as appropriate.</li> </ol>

**EVACUATION AND SHELTER SOP**

**A. EVACUATION DECISION.**

1. Evacuation is normally ordered by the County Executive or the Executive Group of the affected political jurisdiction.
2. If immediate evacuation is critical to the continued health and safety of the population, the Incident Commander may order an evacuation (hazardous materials spills or fires).
3. The line of succession for evacuation recommendations is:
  - a. County Executive.
  - b. Sheriff.
  - c. Fire Chief/Police Chief.

**B. DIRECTION AND CONTROL.**

1. During a large scale evacuation and/or shelter situation, the EOC Human Services Branch, under the direction of the County Executive, coordinates and monitors shelter activities.
2. Evacuation and shelter information is accomplished through the use of the county warning and communication system.
3. If the Emergency Operating Center is activated, direction and control of the incident is conducted from the EOC.

**C. EVACUATION ORDER.**

1. Evacuation orders are initiated after on-site evaluation and recommendation by the appropriate authorities.
  - a. The affected population is not to be moved into a more dangerous situation than posed by the primary hazard.
  - b. The evacuation area is defined in terms clearly understandable by the general public.
  - c. On slow-moving events, pre-evacuation notice is given to affected residents as hazardous conditions warrant such action.
2. When ordering an evacuation, the following considerations should be addressed:
  - a. Weather and highway conditions.
  - b. Evacuation routes, their capacities, and susceptibilities to hazards.
  - c. The availability and readiness of shelters for evacuees.
  - d. Modes of transportation for evacuees and for those unable to provide their own.
  - e. Functional needs groups.

**D. EVACUATION ORDER DISSEMINATION.**

1. Affected jurisdictions use appropriate county warning modes to direct the population to evacuation and/or seek shelter.
2. Evacuation and/or shelter information is provided to the Milwaukee County Public Information Officer (PIO) for immediate dissemination.
  - a. The Milwaukee County PIO keeps local media sources updated on all evacuation and/or shelter information.
  - b. Local television and radio stations broadcast current evacuation and/or shelter information.
  - c. Law Enforcement Agencies and Fire and Rescue Services may go door-to-door to warn evacuees.

**E. TRAFFIC CONTROL.**

1. Law enforcement agencies maintain traffic control:
  - a. Traffic points, assembly areas, and reception centers are designated.
  - b. Rest areas are established along evacuation routes to provide the necessary aids. Evacuees are able to obtain fuel, water, medical aid, vehicle maintenance, and emergency information at designated rest areas.
  - c. Law enforcement agencies and the Milwaukee County Public Works Department coordinate assistance to those vehicles having mechanical problems or abandoned.

**F. SHELTER OPERATIONS.**

1. Shelter activities are coordinated by the EOC Human Services Branch who:
  - a. Determines which shelters should be open.
  - b. Coordinates dissemination of shelter information to the PIO.
  - c. Coordinates reception and shelter activities with American Red Cross.
2. The American Red Cross, Southeastern Wisconsin assists with mass care activities.
3. Sheltering operations are coordinated with the American Red Cross.
  - a. Determines which shelters should be open.
  - b. Coordinates dissemination of shelter information to PIO.
  - c. Reception center personnel register and assign evacuees to shelters.
  - d. American Red Cross personnel coordinate shelter activities.
  - e. Local Law Enforcement Agencies officers and/or volunteers are assigned as security to congregate care facilities.
  - f. Responsible for crisis upgrade of shelters.

**G. RE-ENTRY.**

1. The re-entry decision and order are made by the Incident Commander or Chief Elected Official after the threat has passed and the evacuated area has been inspected by Fire and Rescue Services, Law Enforcement Agencies, Public Works, and local utilities for safety.
2. Re-entry of an evacuated area requires coordination and direction of evacuees from the area by Law Enforcement Agencies.
3. When ordering re-entry, the following considerations are addressed:
  - a. Insure that threat is over.
  - b. Insure homes have been inspected and are safe to return to.
  - c. If homes have been damaged, determine any long-term housing needs.
  - d. Determine number of persons in shelter who will need transportation to return to their homes.
  - e. Inform public of proper re-entry procedures and remaining hazards.
  - f. Coordinate traffic control and movement back to the area.
  - g. Issue proper clean-up instructions.
4. PIO should coordinate and disseminate public information through the local media on re-entry procedures.

*Attachment 2***EVACUATION PLANNING FACTORS**

- A. COUNTY WIDE EVACUATIONS.** Should it be necessary to evacuate Milwaukee County for county-wide events (i.e. hazardous materials accident, weapons of mass destruction event), the Milwaukee County EOC will coordinate its efforts with other local jurisdiction EOCs.
- B. NEIGHBORHOOD OR AREA EVACUATION.** Certain events can occur with little or no warning (i.e. hazardous materials event, large fire, hostage/terrorism event) requiring immediate public protection efforts. A “time and circumstances” evacuation plan will be implemented by the Incident Commander at the scene, with support by the Milwaukee County EOC as requested and time allows. The following planning factors should be considered in preparing an evacuation plan:
- Consider the characteristics of the hazard/ threat: magnitude, intensity, speed of onset, duration, impact.
  - Determine area to be evacuated.
  - Establish a perimeter. Consider special equipment:
    - Barricades with flashing lights.
    - Barricade tape.
    - Evacuation route signs.
  - Determine the number of people to be evacuated, time available in which to effect the evacuation, and the time and distance necessary to insure safety.
  - Establish entry and exit control points.
  - Identify functional needs populations:
    - Schools.
    - Day care centers.
    - Nursing homes.
    - Handicapped persons (hearing, sight, mentally, mobility impaired).
    - Non-English speaking persons.
    - Hospitals, health care facilities.
    - Jails, juvenile facilities.
    - Transient populations (street people, motel/ hotel guests).
    - People without transportation.
    - Animals: Kennels, veterinary hospitals, zoos, pet stores, animal shelters, farm animals.
  - Identify assembly areas for people without transportation.
  - Estimate numbers of people requiring transportation.
    - Remember functional needs populations.
  - Identify evacuation routes. Consider: traffic capacity, risk areas.
  - Identify mass care facilities, safe areas.
  - Consider need for animal control, care, evacuation.

- Plan for “what ifs,” i.e. vehicle breakdowns, bridge/ road damages, secondary hazards along evacuation routes, etc.
- Plan for security: Perimeter control, property protection, etc.
- Minimize family separation. Consider how to reunite families.
- Is an “evacuation order” from the local elected official(s) needed?
- Determine reentry procedures.
- Issue specific evacuation instructions to include:
  - Situation: Emphasize hazard/threat/risk.
  - The life/death consequences for not evacuating.
  - Services that will be discontinued or interrupted within the evacuation area.
  - Legal consequences for re-entering the area.
  - Identification of the specific area(s) to be evacuated.
  - List of items that evacuees should take with them (such as food, water, medicines, portable radio, fresh batteries, clothing, and sleeping bags).
  - Departure times.
  - Pickup points for people requiring transportation assistance.
  - Evacuation routes (give easy to understand instructions using major roads, streets, highways, rivers, etc.)
  - Location of mass care facilities outside of the evacuation area.
  - Where family members go to be united.
  - How functional needs populations are being assisted.
  - What to do with animals. –Keep animals secured, on leash, etc.
- Remember to keep evacuees and the general public informed on evacuation activities and the specific actions they should take.
